The Baker Street Irregulars
BSI Event COVID-19 Requirements

Last Updated: July 22, 2022

Be sure to click the Refresh/Reload button in your web browser so you see the latest version of this PDF.

If you have COVID-19, have symptoms of COVID-19, or have been exposed to someone who recently tested positive for COVID-19, please do not attend any BSI event.

**BSI Events**
We will require all those who attend official BSI events to be fully vaccinated and able to provide proof of vaccination.

Valid proof of vaccination may be in the form of a physical CDC vaccination card or an image of that card, or an official immunization record issued by another municipality, state or country.

Even should proof of vaccination no longer be a New York state or city requirement, we will continue to require that all of those who participate in BSI events be vaccinated.

While the state and county do **not** currently require masking at indoor public events, and we do **not** at this time plan to make masking mandatory for the July 2022 BSI Empire Conference, we encourage everyone to bring a mask in case the situation changes. Anyone wishing to wear a mask at the conference is welcome to do so.

For those not comfortable shaking hands, an elbow bump is a gesture of welcome and a good alternative.

By completing the BSI Reservations form, you and any guest listed on your form agree to adhere to the BSI Event COVID-19 Requirements.
